If you have typed this:

Kia orah mai koutou e hoa mā

Megan Edwards Architects Ltd

You will get a dialog box that looks like this

) (()	Spelling and Grammar	
orah This word was not	found in the spelling dictionary.	Change Find Novt
roha		Ignore
ora oraha		Learn
raho	9	Define
hora	A	Cuess
orau

This operates like a 'normal' spell checker.

Note that if you want to 'Learn' a word (For example, you want to ensure that the 4 words 'Megan', 'Edwards', 'Architects', 'Ltd' are always regarded as 'correct' then when they are marked as a spelling mistake, click on 'Learn')

This will have the effect of adding the words to a file called 'mi_NZ' (no extension) in the directory where you put the .dic and .aff files, namely 'Home/Users/'UserName'/Library/Spelling'

If you want to 'unlearn' these words then you will have to delete them from this file directly.
